Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Wage and Classification Division
FROM : Chief, Organization and Methods Service
SUBJECT: Revision of Medical Office Table of Organization.

DATE: 4 March 1953

1. The T/O changes requested by the Medical Office have been reviewed and a study made by the examiner is attached hereto. From this study you will observe that the organizational changes are justified and that no increase in T/O is contemplated.

2. While it is not the function of the Organization and Methods Service to pass on the grading, you will note that we have called attention to the problem raised by the request to up-grade three medical technicians. Undoubtedly you are aware of the problem not only as far as the Medical Office is concerned, but in other segments of the Agency and probably have presented it to the proper officials.
